

A goods/materials hoist will be installed on site on Saturday 25 February during normal working hours (8am to 1pm). The hoist will be lifted from a truck parked in the unloading bay on South Audley Street by an on-site tower crane and lowered into position. The hoist tower (scaffold) will be wrapped in non-combustible white plastic (monaflex). The works will not be noisy or disruptive and there will be no road closures or other traffic calming measures in place. All works will be completed by 1pm. Our communications manager will inform all residents in the unlikely event of an overrun and other factors that may cause a delay. Please see below.

In all circumstances we will be adhering to our BPM measures throughout.

Please contact Peter Walsh on 07767 858638 or email [peter.walsh@macegroup.com](mailto:peter.walsh@macegroup.com) if you have any concerns, comments or complaints.
